

Greenville Board of Selectmen

Minutes of the Public Meeting

January 11, 2006

Present: Christine Deane, Michael Lamarre

Meeting opened at 7:00 p.m.

Staff Meeting

Larry Legere – Fire Chief

Larry told the Board that everything is running fine. Discussion was held concerning the need to have matching funds available for grants. Board agreed to add a \$4,000 line item to the 2006 budget for this purpose.

Dennis- Highway

Dennis told the Board that the new truck is great. He has completed the insulation of the garage and it has helped tremendously. Dennis stated that he has been speaking with Martin Pelletier about clearing the town land on Route 31, near the cemetery, which has a steep slope to it. This could be used for fill that will be generated from the new road construction at Hemlock Hills. Board stated that they have been discussing swapping that land with an abutter of the cemetery for space to expand the cemetery. Board advised Dennis to wait until this has been discussed before proceeding any further with Mr. Pelletier. Dennis also discussed the problem with vehicles parking on the sidewalk on Main Street during snow removal. He has spoken with Chief McTague about his and he told Dennis that he needs to have a letter from the Selectmen stating that parking is prohibited on sidewalks. Board will discuss this matter further and let him know.

Kathy Valliere – Town Clerk/Tax Collector

Kathy discussed renovations to her office scheduled for this year. Christine told her that the Board needs to have quotes for the work to be done this month. Kathy will get them.

Board stated that the next staff meeting will also be a Safety Committee Meeting to get this going again. All should be prepared with who is going to be their representative.

Board told all departments present that David Dow needs to have their material for the web page. Kathy stated that she has tried to send him information and he cannot open it and now wants it in a different format. She also stated that he wants the entire town ordinance and she would like the Board to review them before she gives them to him. Board agreed that they would not allow the ordinances to be put on the web site. Larry stated that Jim Stimans is supposed to be working with David on this.

Carl Mary – Water & Wastewater

Carla reported that the wastewater plant had high flows for the month of October. Their new SOP for high flows was in place and worked very well. She told the Board she is

trying to work with Pilgrim Foods on discharge problems and when Doug is there things go well but is having some problems now that he is on vacation. This is going to have to be worked out. Carla reported that the hydrant maintenance and meter repairs are completed. The only exception is that the meters running backwards will be done after the next reading. It will be better to them at time for billing purposes. Carla asked when the board wanted to schedule the meeting with Tom Schwartz concerning the I & I Study. The meeting was scheduled for February 15. Board reviewed various water and sewer rates. Motion made by Mike and second by Christine to make the following rate changes: minimum metered water charge to \$60.49; minimum metered sewer charge to \$102.00; flat water charge to \$163.32; flat sewer charge to \$275.40; sewer rate for 133.7 cf to \$10.20; water rate for 133.7 cf to \$6.05; new connection fee for water to \$1,400 for sewer to \$1,500 with note that all site work and supplies will be the responsibility of the property owner; fee for adding sprinkler system to \$1,200; service charge for sprinkler system per ½ year to \$200; service shut off fee to \$50; service turn on fee to \$50; minimum bill on meters not read for water \$198.61 and sewer \$335.08. Motion carried.

Meeting adjourned at 9:20 p.m.
