

Greenville Board of Selectmen

Minutes of the Public Meeting

December 12, 2007

Members present: Mike Lamarre, Scott Blease

Members absent: Debbie Bouley

Meeting opened at 7:10 pm

Christa Koehler – Clean Air

C. Koehler emailed Linda today to state that she was unable to attend the meeting this evening as she just came home from the hospital yesterday and is on bed rest. She was advised of the formation of the Energy Committee and Linda will have them contact her.

Hazen Fisk – Water Equipment Maintenance

Hazen Fisk questioned the letter he received last year stating that the water equipment in his basement is the responsibility of the property owner. He submitted a letter stating his opposition to this requirement. H. Fisk told the Board that this equipment was cost savings equipment installed to save on the size of the main that was installed. Instead of putting a 4" main again they found that it was cheaper to put in these units than to install another 4" main. M. Lamarre stated that this is how it does everywhere now. He also told Mr. Fisk that this is a requirement of all water users in town. H. Fisk would like a copy of the law that states he is responsible for maintenance of this equipment before he does so. M. Lamarre stated that they will get this to him.

Personnel Policy

Board voted to make the following changes to the Personnel Policies:

1. add "December 25" to list of holiday dates
2. change vacation time to hours verses days
3. remove line in sick time stating that sick time must be taken in full day increments

This will be effective January 1, 2008.

Letter from J. Morrissey – use of town cemetery

Board received a letter from J. Morrissey to use the town cemetery for filming a movie. Board will send this request to the Cemetery Trustees.

Agreement with Avitar

Board signed an agreement with Avitar for the 2008 assessment update.

Agreement for Joint Police Department

Board signed the 5 year agreement for the Temple-Greenville Joint Police Department. This will be submitted as a warrant article in 2008.
